

Extreme Chilli Chocolate - now available

Many thanks to everyone who helped in the trials of this new product. We now have the packaging and the product is available in our shop, and online (also through our stockists soon).

Our Extreme Chilli Chocolate is made with a delicious Belgian Plain Chocolate (60% cocoa) and the mighty Bhut Jolokia chilli. Our goal when developing this chocolate was to take the heat to the edge, without spoiling the chocolate experience. Please let us know how we did.
