CHILLI JAM

This is one of our most popular preserves; be warned, it is addictive! This sweet and savoury relish is made with sweet peppers, red onions, lemon juice, organic sugar and a mix of our hot chillies. It is cooked to a traditional jam recipe. It is one of our milder products, but still carries a good amount of heat.

Medium heat

RECIPE IDEAS FOR CHILLI JAM:

With Eggs - poached, fried or scrambled eggs with a few spoonfuls of Chilli Jam!

In a sandwich - Try Chilli Jam in a cheese or ham sandwich.

With Cheese - Try a spoonful with cheese and biscuits or spread some over a bowl of soft cheese and use corn chips to dip into it. Chilli Jam is also amazing with grilled or fried goats cheese.

With Fish and Crab - Chilli Jam is really great with baked white fish or grilled Tuna or Mackerel. Crab cakes or crab dressed with Chilli Jam are also great combinations.

With Chicken - Warm a few spoonfuls of Chilli Jam to serve with chicken, or try Chilli Jam in a chicken wrap.

Savoury 'Cream Tea' - Spread some Chilli Jam and sour-cream or soft cheese in a plain scone or cheese scone. Another variation of this is bacon, brie and Chilli Jam in a warm croissant!
